

Our website has a very user-friendly interface.

The top left has our logo which is shown above. On click it should take you to the home page(refresh).

The top right has our meta bar which includes: Location, Pricing, Contact, and Login.

- About us.
- Location: has the different gym locations and their respective timings
- Pricing: has the different memberships and their respective but short list of features.
- Contact: has our details.
- Login: would allow users to login their current credentials, would give error if not in database.

Note: all these above are just a plan right now

The left has a navigation bar which includes:

- Membership and a drop down which shows its types
- Workouts which drops down to Cardio and Weight training, for each there is a beginner and advanced level.

The main body of the website consists of a general introduction and a few images.

The footer has the link to the **imprint page**, which has the disclaimer and Contact Information of all group members .
